Working out of trailer parking trailer in green lot trailering in daily

* Parking trailers around our show arena is a privilege (not a necessity)

* Due to the number of 4-H families this year, we may not be able to grant everyone's request.

* The more kids you have working out of your trailer, the better your odds of getting a spot!

*** Absolutely no trailers 35' or longer will be permitted to park on the inner grounds. (if it looks close we will measure) measure total length of trailer, not just the floor.
